Robert Herrick

The people will live on.
The learning and blundering people will live on.
They will be tricked and sold and again sold
And go back to the nourishing earth for rootholds,
The people so peculiar in renewal and comeback
You can't laugh off their capacity to take it.
The mammoth rests between his cyclonic dramas.

The people so often sleepy, weary, enigmatic,
is a vast huddle with many units saying:

"I earn my living.
I make enough to get by
and it takes all my time.
If I had more time
I could do more for myself
and maybe for others.
I could read and study
and talk things over
and find out about things.
It takes time.
I wish I had the time."

The people is a tragic and comic two-face: hero and hoodlum: phantom and gorilla twisting to moan with a gargoyle mouth: "They buy me and sell me . . . it's a game . . . sometime I'll break loose . . ."

Once having marched
Over the margins of animal necessity,
Over the grim line of sheer subsistence
Then man came
To the deeper rituals of his bones,
To the lights lighter than any bones,
To the time for thinking things over,
To the dance, the song, the story,
Or the hours given over to dreaming,
Once having so marched.
Between the finite limitations of the five senses
and the endless yearnings of man for the beyond
the people hold to the humdrum bidding of work and food
while reaching out when it comes their way
for lights beyond the prison of the five senses,
for keepsakes lasting beyond any hunger or death.
This reaching is alive.
The panderers and liars have violated and smutted it.
Yet this reaching is alive yet
for lights and keepsakes.

The people know the salt of the sea
and the strength of the winds
lashing the corners of the earth.
The people to take the earth
as a tomb of rest and a cradle of hope.

Who else speaks for the Family of Man?
They are in tune and step
with constellations of universal law.
The people is a polychrome,
a spectrum and a prism
held in a moving monolith,
a console organ of changing themes,
a clavilux of color poems
wherein the sea offers fog
and the fog moves off in rain
and the labrador sunset shortens
to a nocturne of clear stars
serene over the shot spray
of northern lights.

The steel mill sky is alive.
The fire breaks white and zigzag
shot on a gun-metal gloaming
Man is a long time coming.
Man will yet win.
Brother may yet line up with brother:

This old anvil laughs at many broken hammers.
There are men who can't be bought.
The fireborn are at home in fire.
The stars make no noise.
You can't hinder the wind from blowing.
Time is a great teacher.
Who can live without hope?

In the darkness with a great bundle of grief the people march.
In the night, and overhead a shovel of stars for keeps, the
people march:

"Where to? what next?"

Strike Date 6 Days Away

Student Boycott Set For Oct. 17

The students formed their own picket lines last week. Last Friday, the lines were seen between the two Front Street entrances to the campus. The next day, the students took to the front of the Broome County Courthouse. Despite heavy rains and freezing winds, close to one-hundred students took part.

Of late, there has been discussion as to which would be more effective, a teacher

strike or a student boycott. Conversation concerning the two items has been heard everywhere from Titchener lounge to the lines in the cafeteria at the SUB. The SMC has stated that it feels if a settlement is not reached by October 18, a student boycott would be better. A spokesman for the SMC gave the committee's reasons for this position. "The boycott has been set to begin Octo-

ber 17 if a settlement has not been reached. The teachers have said that if the matter is not resolved by October 18, they will strike. This is what would happen if they do strike; Students lose class time. The teachers who do strike would be fined two days pay for each day they are not on duty. The members of the Faculty negotiating team and the officers of the Faculty As-

sociation could be fined heavily and imprisoned. However, if enough students do boycott until both parties reach an agreement, the school would have to be closed and therefore, the teachers would not have to strike. So it appears that a student boycott would be the lesser of the two evils," explained the spokesman.

After reading Bury My Heart At Wounded Knee I'd like to pay

An Ode To Dee Brown

I have never met you and
I may never

All your lives you have suffered as
The White Locusts scattered
Your Beloved Mother

Promises made. Promises broken
You fought to free her from the
Use of the white.

Only to be fought back
Wounded and died

Today though disfigured
Renegades build up their
Fortress to win her back

To mend her
To have broken promises come
True And
To live unbothered.

FULCRUM

A STUDENT PUBLICATION

A student newspaper is an instrument used for two basic purposes. The first is to inform the students the paper serves about what is going on around the campus in academic, administrative and social circles. Secondly, a school newspaper is used to express the opinions of students about certain weaknesses or strengths a certain campus has. This has been referred to as "bitching and griping."

This newspaper has done its share of bitching and griping for the first seven issues this year. The staff of the FULCRUM had high hopes of receiving many opinions from those in the academic community at BCC. However, compared to the points this paper has brought out in the open, feedback has been heartbreaking. This brings about an interesting term used by many to describe a majority of people who don't care . . . apathy.

Several years ago, most of us went through a period of our lives where apathy was dominant in daily

situations. This condition persisted and stayed with us. We are an apathetic society, where most people feel someone else can do the dirty work, just as long as the world is pretty for them.

This newspaper is now the product of disconcern. We are without half of the staff we started with. The last issue had no Sports column. (This column pertains to a student activity, not just Basketball.) We filled space the best we could. We turned out eight pages of everything we had.

We now send out a plea to the students on campus: If you feel the need to exercise your creative talents, you belong on the FULCRUM staff. If you care about campus life, you should join the staff. We need you desperately. The paper does not take up all of your free time, just a few minutes now and then.

Please stop by . . . if you don't, the voice of the students at BCC could die.

Sandra Hawley, Patricia Arnoldine, Samantha West, and Bill Maxian. missing from picture 1. is Karen Hansen.

The Editor, Pat Arnoldine, letting out her frustrations on Samantha West while Sandra Hawley holds her back.

No picture of the team was available along with team members names

From the Fulcrum, Oct. 26, 1972

Dear sports editor,

. . . Gary Backus . . . portrayed Cross Country as a sport of determination. The runners of our team run for personal accomplishment and self pride. What on earth happened to our lot of proud runners? We no longer have a cross country team. An original roster of ten has been dwindled down to three. That's what I call team spirit. Ten gutsy and determined runners running their hearts out for the team. However, seven of them turned out not to be so determined after all. What does this say for our school? Not much! Students should be concerned about their personal pride as well as the school's. I say to the three remaining remnants of our dying sport, "Bravo! You've got the spirit and ambition to succeed in life." I can only feel a deep regret for the seven who gave up. As for the coach, Richard Leo, I hope he finds more determined runners, next year

Sincerely,
Wayne Gray

Won 14 lost 8

First baseman Tom Welch was the most valuable player on coach Ed Daub's baseball team, with catcher Mark Rogers the top hitter with his .407 average. Both made first team all-regional. It was Rogers' second consecutive year batting over .400 while Welch batted .397 and drove in a team-leading 24 runs in 22 games. Larry Wantuck was the top pitcher with a 5-2 won-lost record and a 1.94 earned run average. Dave VanWoert was 4-0 for the season and Bill Lobdell, a fine prospect, 2-3. Rogers is the only senior of the above-mentioned five.

Promotion of the Region III Tournament at Broome Community College.

Pres. Smith Congratulates Bob Rosics on his tennis success for winning the Regional Tournament.

Won 14 dual matches, lost 0. This is the fifth consecutive year that the tennis team was undefeated in dual competition and runs the unbeaten streak to 56 matches in succession. The tennis Hornets under coach Oz Winters won their fourth regional title in a row, and then posted their best record ever there. They finished 11th in the 36-team field.

r i d i n g t e a m

The B. C. C. Riding Team has done very well this past year considering the fact that they have only been in existence two years as a club and one year as an intercollegiate competitor. Our region consists of 14 schools (Region I) while Region II has over 30 schools. Both are members of the Intercollegiate Horse Show Association. Most of these schools are four year colleges and are from the North-Eastern United States including such schools as Bucks County, Adelphi, U. of Mass., William Paterson, U.S. Military Academy, several SUNY schools, Ithaca College, St. Lawrence University, and Bennett College. B. C. C.'s Riding Team has compiled an impressive record while using horses from one stable in the area. These horses do not belong to team members which makes their achievements even greater.

L-R: a coach from a competing school, Steve Clark, Nanci Novak, Barb Dobrinski, Nancy Montague, Denise Paukett, and Helen Tainter.

1972-73 Record of the B.C.C. Riding Team
 First show--St Lawrence University--Grand Champion
 (First Place)
 Second show--Bennett College--Third Place
 Third show--St. Lawrence U.--Third Place
 Fourth show--Bennett College--Reserve Champion
 (Second Place)
 Fifth Show--Lake Erie College--Grand Champion

Four of these team members qualified for the Individual Championships Inter-Regional Ride-offs on May 6 at Eastern States Exposition Grounds in Springfield, Mass. Steve Clark, Helen Tainter, Nanci Novak, and Nancy Montague had to ride-off in divisions of 25-30 riders. There were only seven members of our region qualifying for the championship ride-offs. All four of our team members made the grade which gave our school the greatest representation from our region. Nanci Novak won the Grand Championship in the walk-trot division. Nancy Montague placed as Reserve Grand Champion High Point Rider of the Year.

Our team proved their equestrian ability consistently and often under trying circumstances. They have indeed surprised many people, both in and out of the horse world. The team also has a new advisor for next year, Mr. Fran Battisi. Anyone interested should see him.

Team members are: Barb Dobrinski, Denise Paukett, and Steve Clark, all freshmen; Carlene LeBous, James Murray, Helen Tainter, Nanci Novak, and Nancy Montague, seniors. Individual accomplishments in the region are: Steve Clark--highest total points over fences, Nancy Montague--second highest over fences, and highest overall, Nanci Novak--second highest points on the flat, and Helen Tainter, third highest on the flat.

Steve Clark

This record gave our team the Reserve Team Championship of Region II and Third Place of all schools in Regions I and II.

Barb Dobrinski

administration

President, Dr. Sigmund A. Smith

Dedication

It was only a year ago, when Broome Community College bid farewell to its first President. Since its beginning in 1946, the college has grown to reach an overwhelming academic level, increasing its responsibility to the student and community.

Now, as before, we start over again. The year is 1973, and we begin with a new President. Early in the new Administration of our President, Dr. Sigmund A. Smith, the internal signs of change started to break into view--new ideas and concepts that have brought smoothness and cooperation into the college community.

Upon his arrival, Dr. Smith made a sharp impact upon the students, faculty and administration, by stressing flexibility as being the integral part of a successful college program, not the all too familiar rigidity.

His thoughts and concepts are beginning to take shape as many changes are taking place within the administration, curriculum and faculty. From 1969 until his coming to Broome, Dr. Smith held the position of Vice-President of Administration at the State University College at Buffalo. Being an active member of the educational community, Dr. Smith sees a need for many changes that he feels will improve the quality of the educational experience now offered at Broome.

We feel that his influence will be felt in nearly every phase of student life and in the college's further development. It is a rare privilege to dedicate the nineteen seventy-three Citadel to such a man as Dr. Smith.

LOVE

Love is not a bold but a
cautious goal.
Goals are to be sought after
until achieved.
Achievement is the most rewarding
pleasure in life.
The greatest pleasure in life
is being loved.
To be loved is thoughtfulness in
life and self.
Thoughtfulness is being kind and
obeying your instincts.
Instincts are inherent and foreseeing
of sensitivity.
Sensitivity is trustworthiness toward
the ambitions of others.
Trustworthiness can produce faith
without doubt.
Faith is the basis of a solid
understanding between people.
Understanding comes from
dedication.
Love is being dedicated and
promising.
Promising love is the hardest thing
to do in this world.
But the world will prosper with two
more people deeply in love.

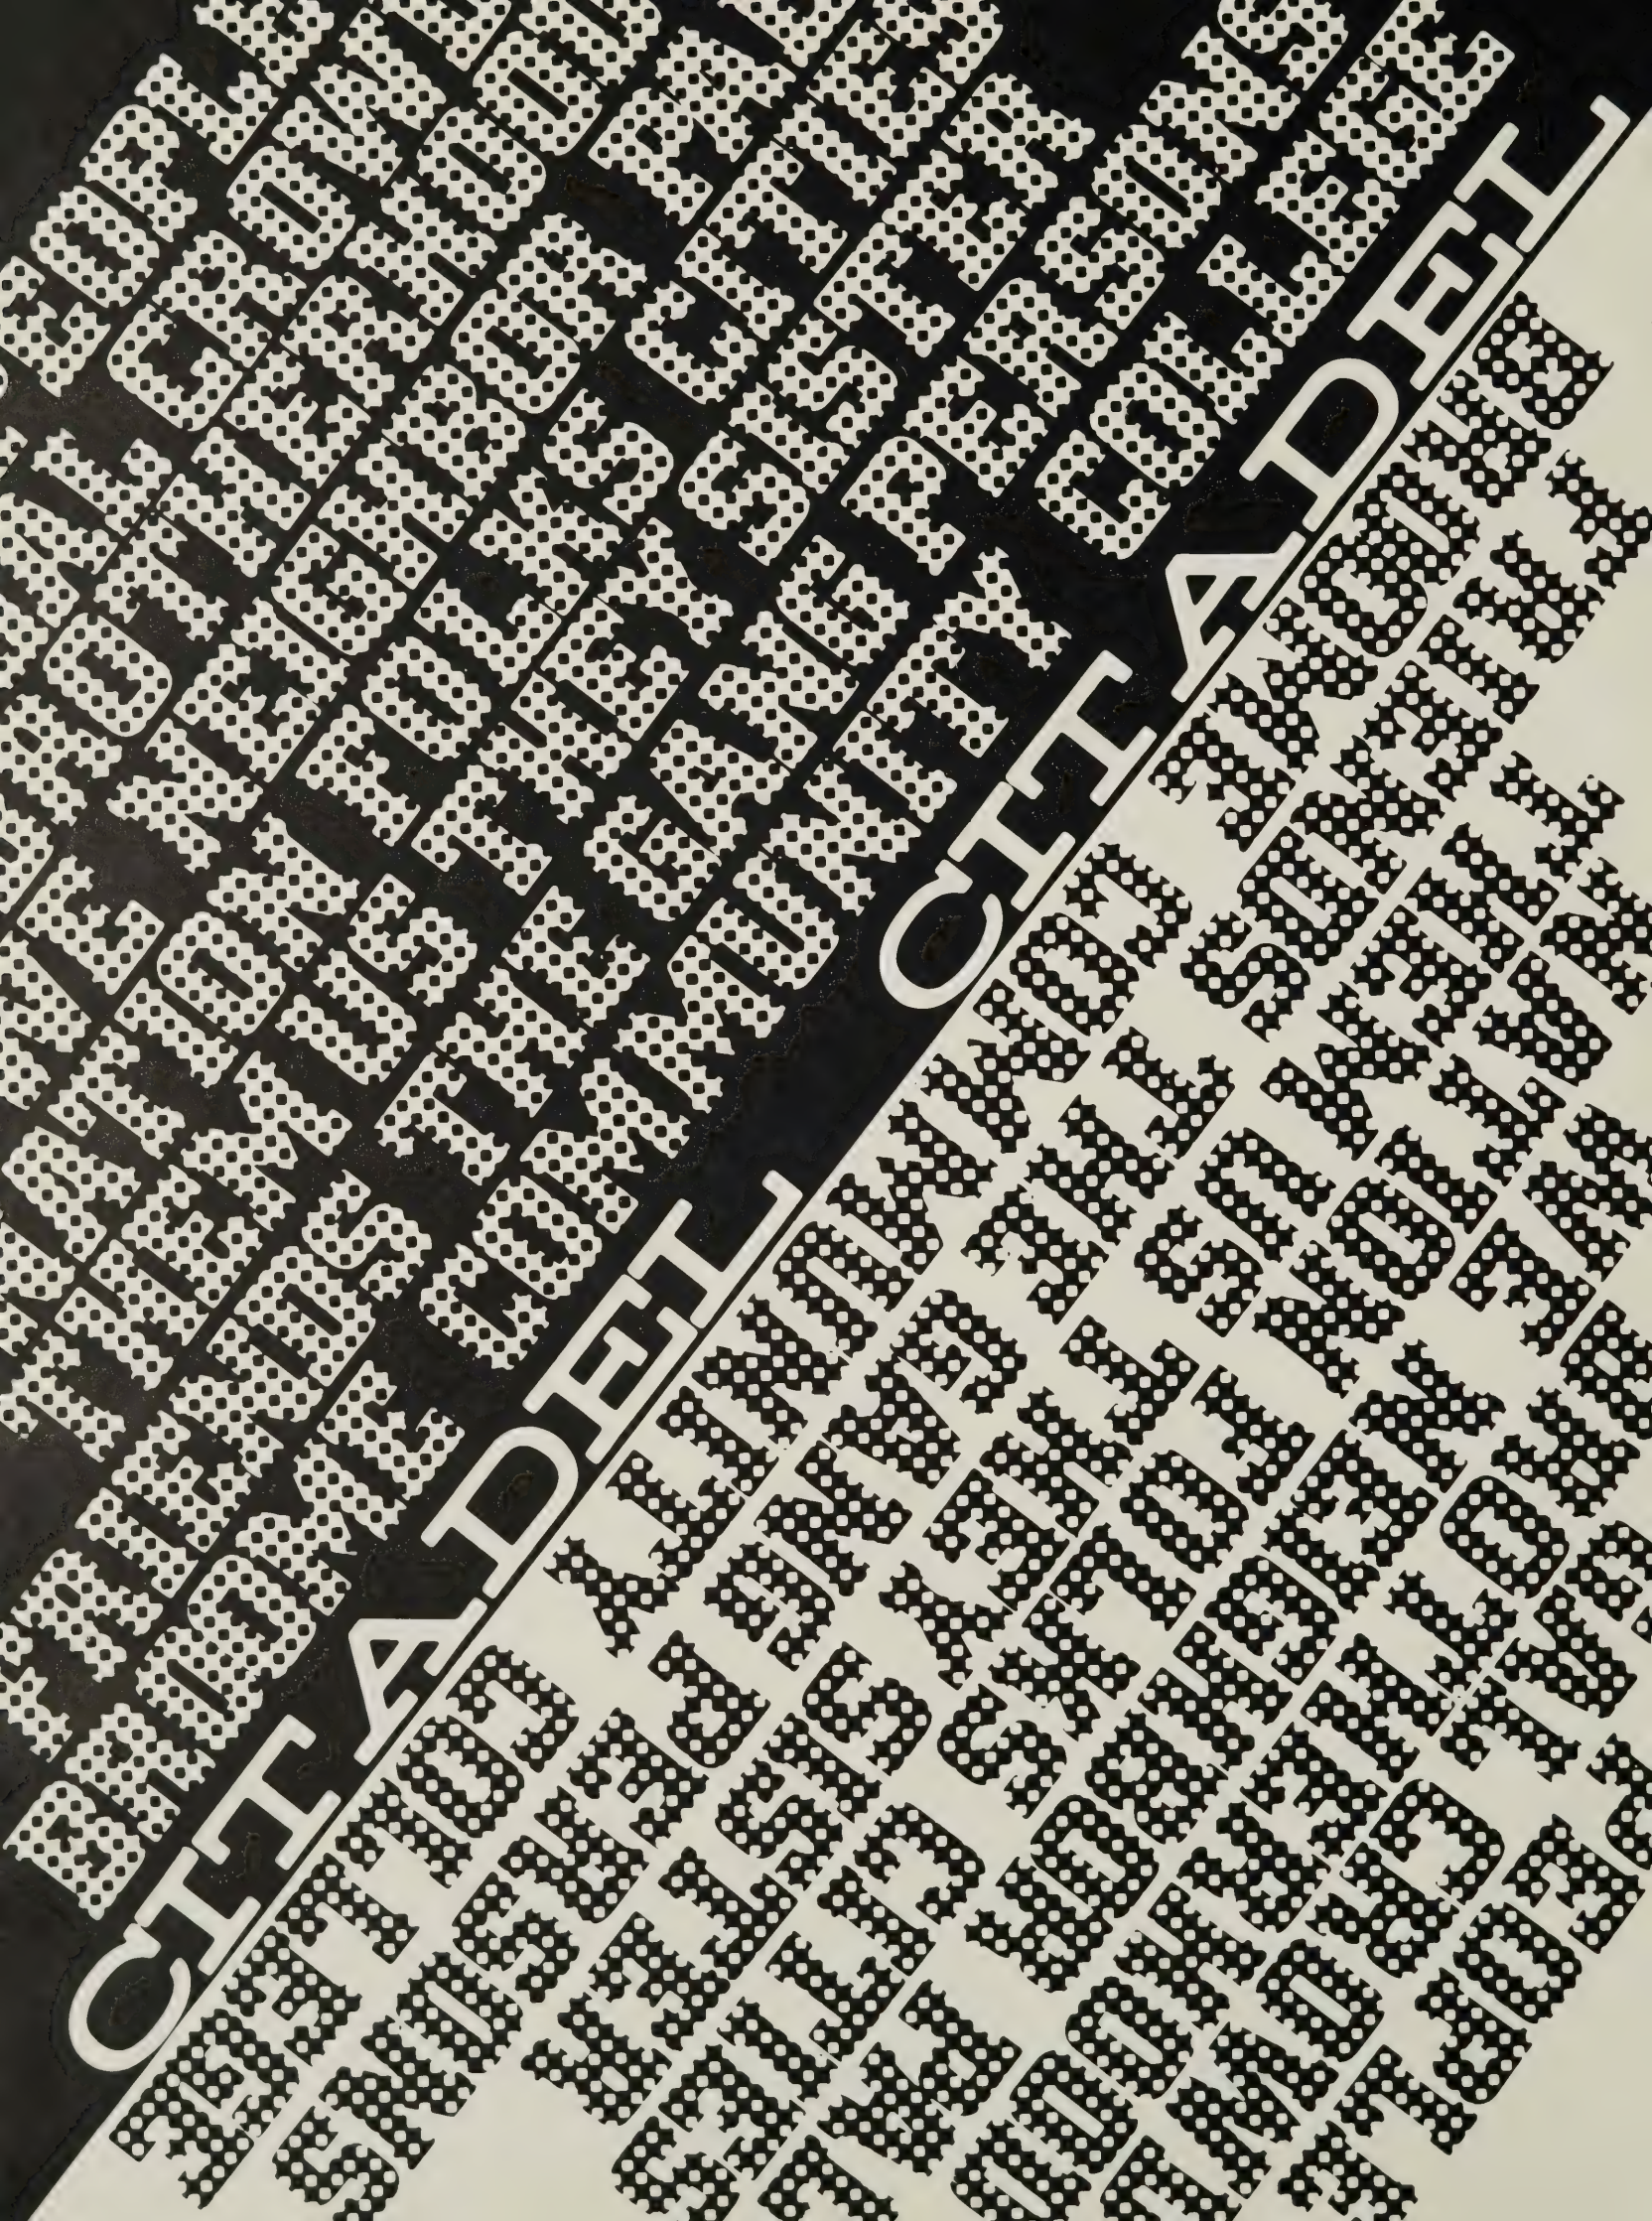

Mel Johnson

Remember

Remember all those dreams so long ago,
Remember sitting in the morning light
Watching laughter in a radiant glow
On walls, battling shadows till the night.
Did you let the summer breeze turn pages
In some pastel-colored wishing book;
Did you let the tempest's dew-swept rages
Entrap you as your very spirit shook?
Remember the colored ev'ning voices,
Remember sad and dreamy eyes
Plagued by memories, long lost choices
Reflected in the night's unchanging skies.
So when life has its golden highways run,
Remember quiet mornings in the sun.

From Fragments

So from the bosom of darkness our days come roaring and gleaming,
Chafe and break into foam, sink into darkness again.
But on the shores of Time each leaves some trace of its passage,
Though the succeeding wave washes it out from the sand.
